

**DIVIDED ON ROTHSCHILD'S PLAN.**—At Brussels yesterday a special committee chosen by the conference to consider the plans of A. Rothschild, Adolphe Soetbeer, and Moritz Levy for the rehabilitation of silver have closed their work without having come to any definite conclusion. The report, which is drawn up by M. Raffalovich, Russian delegate, will be read on Friday.

The majority of the committee will recommend the adoption of Mr. Rothschild's plan, with some important modifications, including a suggestion that the limit for the purchase of silver be reduced to three years. The views of the minority will be explicitly stated. An animated discussion will, it is expected, take place in the conference on Friday.

The American delegates, although they invite discussion of the Rothschild and other plans, intend to have their own scheme of international bi-metalism thoroughly debated. The majority of the delegates last night seemed to be inclined to adopt the Rothschild plan modified by suggestions from the Soetbeer and Levy plans.
